On September 2, 2015 at approximately 20:53 Hrs. deputies with the Henry County Sheriff's Office were dispatched to Co. Rd. S3, near Co. Rd. 4, in Washington Twp., in Henry County, Ohio for a reported drive by shooting. The caller and victim advised he was running west on Co. Rd. S3, on the south side of the road, near Twp Rd. 3B. The victim stated he heard what he thought was two firework going off behind him, and when he turned to look he saw a silver Honda Civic driving westbound approximately 15 feet behind him. He then saw the muzzle flash of a firearm come from the driver's seat of the vehicle. The car was directly across from the victim at this time, and the victim turned away and ducked. As he looked back he saw more flashes and described the muzzle flash as a two or three inch long flash of fire, that was pointed directly at him. The victim stated he counted seven or eight shots, and could see the barrel of a firearm sticking out of the car when it passed him. The car went down the road, turned around and then went south on Rd 4. The road is a dead end road, and the victim later saw the vehicle travel back north on Rd 4. The victim advised he recognized the car and believed it was his neighbor's vehicle, as they own one identical to what was used during the offense.

Upon arrival at the defendant's residence, the defendant was found outside near the driveway. The defendant was seen dropping something near a tree, which was later found and identified as the key to a Honda Civic. In the driveway of the residence, a silver Honda Civic was located, and the hood was felt and found to be very warm to the touch. To the south of the car, a .45 caliber handgun was located under a tree. It was found with the hammer locked back, and when the handgun was secured the magazine and chamber were found to be empty. The gun smelled as it had been recently fired, and the magazine holds seven cartridges fully loaded. At the dead end on Rd 4, seven .45 caliber empty casings were located.

The defendant did, in Washington Twp., Henry County, Ohio, cause or attempt to cause physical harm to another by means of a deadly weapon, which was discharged from a motor vehicle.
